Images and actual hardwood floor samples are intended as visual guides and not as the exact representation of the hardwood floors. Wood is a natural material containing distinctive differences in color, texture and grain. Knots & mineral streaks may not be present on every plank. Furthermore, sheen or gloss level and the overall appearance of the floor may look different when viewed at various angles and lighting conditions. Before you install any flooring product, we recommend that you rack out a box or two to verify that the product you have ordered is within the acceptable color range and fits your design style. Color variation ratings serve only as guides. Color and grade of all natural products must be inspected and approved by the consumer prior to installation. Any flooring installed will be considered acceptable and no claims will be valid based on visible appearance after installation.

Showroom product samples may have variations in color due to sunlight exposure and the age of the sample, are meant to be indicative of shade and millwork only and do not represent the look of an entire floor. Nuvelle Floors, accepts no liability for claims resulting from variations in color, character, grain or finish between the retailer floor sample board and your installed product.
