

DUCHATEAU

SIGNATURE

Société Collection

CIEL

Ciel is a softened white with a touch of translucence. Its quiet identity offers a sense of openness—composed and luminous.

The Société Collection offers warm tones in the clean look of contemporary, select-grade wide planks of European oak. Inspired by the famous salons of Paris, where the fine interior design and the appointments within them intrigued the interested and interesting; where conversations took the day and ideas were exchanged with grace.

SAMPLE NOT FOR SALE

Product ID	SOCCIE9-28
