COLLINA D'ORO

SIGNATURE | VERNAL COLLECTION

There is a quiet poetry to spring's arrival, a hush before the bloom. Vernal captures this fleeting moment, when nature stirs awake and the world feels both new and familiar. Inspired by the intimate Swiss villas overlooking Lake Lugano; it speaks to dew-covered mornings, linen-draped windows, and gardens just beginning to green. The wood itself reflects this freshness, pale and softened by light, with subtle movement that recalls sunlight through new leaves and the gentle rhythm of the season's return. With its delicate tones and calming presence, Vernal brings a sense of refuge and reflection, offering interiors a breath of stillness in a world that rushes.

Golden and gracious, *Collina d'Oro* captures the sunlight as it lingers on stone pathways and garden walls. There's a mellow richness here, a golden-hour tone that feels both refined and rooted, like a villa waking up to spring.
